THE PARMERS AND EXTORTION. producing class of the country are in a great measure responsible for the exteriousto prices every thing that sustains life, and that as citizens are greatly inconvenienced. chasply as he did before the war. He them than before the war. Then why is it that is, evidently, a dangarous business. he should domand six prices for such necessar-

So he the care. Besides, it is the farmer who has the deepest stake in the issue of the war. He has everything to gain or less by our success or failure. The more speculator, having no permanent or fixed interest in the country, owning pelther houses, nogross nor lands, can, un short notice, put his means in his posket and so off to parts woknown. Not so with the farmer. He must either sink or awim with the came. If we succeed his inheritance and property rights are recured to him. If we fall, all is lost, and he is turned loose pannyless upon the world. Ho ir, therefore, under a higher obligation than any other class of men to some out to the aid of the Government to the prosecution of the war, and if he would but do his whole duty as a patriot. showing a disposition to an critica overything to the cause, the country would not be barassed

as it has been by impressing officers. It is the farmers in fast who are carrying this sear upon their shoulders. With their continued help, we may succeed-without it we must most serely fail; and we feel personaled that if the farmers were convinced of the fact that every charge against the Government is really a charge against themselves, they would return to reason and perane the worthy szample.

POLICY OF THE ABOLITION LEAD. HRS. WHAT WILL POLLOW SUB-JUNATION.

The people of the South, on reading the following order of the Pederal commander in Louislana, will certainly be assured as to the pursoes of the Abelition leaders, and aroused to the menesity of putting forth every exertion to drive leads the planderers. We said the docit is efficially sublished:

I. The berole effects of the army of the United band of war, against a confederation of rebe-States, is an event of equal import with the a ration. It is a haptism of blood. In a brief period of time this wast and fertile walley will be opened to the peacuful commerce of the

Notwithstanding the rawages of war, the destruction of property, the dispersion of labor ers, and the decimetion of population, the ir habitable globs does not offer a subject thes ter for intelligent enterprises than the valley of the Mississippi. The cultivation of sacproducts, the application of new elements and different systems of labor, the immediate re-se genination of local governments and the resist less awagy of many millions of framen, wil create individual and national wealth, such as the world has sever seen. Mover was a comtry better worth fighting for, better worth de-

The highest duty of the people is to maintain which depends the support of the present and the hope of the future. The Government is entitled to the armed assistance of all those who alvim the right of ultisons, or seek to share their privileges. These who covet the prefits of trade, disclaiming citia usuis and acknowledge ing allegiouse to lorsign entiess only, remain here by permission and favor, and not of right In the performance of this duty, and to asses in maintaining the important advantage secured by a fees communication between the valley the Mississippi and the markets of the work the crimins of the first and accord congressions. districts of Lonislana, liable to military duty, have been myolia I for general military envice, accerdance with the arevisors of the law of our cristics, passed by Congress; so far as it may estion will bereafter be made of the number of troops required for this purpose, and the time and manner of their selection. The conscription will not be held to emerson thuse well-dissenspersons who, is the event of explane by the ene my, would not be esticled to the full immunity of suddiers of the United States.

II. The argarisation of one or more voluntes agiments, to be designated "The Louisiana Volunteers," whose services will be limited by the terms of enlistment, to the protection are befores of New Orleans, is horsely authorized Volunteers for this retvice will receive a bounty of any bendered dollars, twenty-five dollars of which, and one much's pay will be advanced when the volunteer is constant into service for the war. Copt. C. W. Eithern, provest marshal of the city of New Orleans, is charged with the immediate organization and engineed of the lot regiment; Capt R B Brown, provest mar erganize and command the 2d regiment. To let regiment will be resemited and organized in

come. The policy is distinctly announced, and comment or arging, we hope, are unnecessary, a order to indues you to do your whole duty.
